Rotary Program from May 31, 2012

Reporter: Alan Lyon

Mark Spinnato and Gerry Tom presented the results and acknowledged those that made this last Brewfest another successful event in a long string. First of all, Gerry thanked all the Rotary and non-rotary individuals that volunteered for one, some or all of the 4 "shifts" and provided the staffing we needed during the event. Rotoract and the Dime Bank Blue Crew were among the volunteers.

Ed Cramer brought another great assortment of brews to the table for us. Mike Stryker and The Rhythm Method once again provided a wonderful selection of music. Our thanks to Andy Russell and WNLC for thousands of dollars worth of free advertising and to Brian Cole for printing the posters and fliers. The food committee, led by MaryLou Underwood and Anna Lathrop, once again fed the brewfesters with hotdogs and an array of top-

One City Two Markets

Linda English told the club about the local farmers market that will take place on Wednesdays at L+M Hospital and on Fridays at the New London Parade Plaza.

This is an opportunity to buy local and eat local supporting our local farmers.

Catherine Foley Paul Harris

Bill Schmidt, our Club Foundation chair presented Catherine her second Paul Harris recognition. She had been contributing over the years and accumulated enough for a sapphire pin.

She talked about the value of the contributions to the Foundation and the kind of work it does in the world. Her beliefs run parallel with the Foundation in the elimination of hunger, availability of potable water and world peace. Congratulations Catherine.

ping and condiments to please any taste. Thanks again to Barry Levinson for maintaining internet ticket sales and promotion, to Alex Suprin and Tom Hogsten for assistance with tables and equipment and to Walter Makepeace for handling the cash, banking and accounting. And a special thanks to Ocean Beach Park for providing the facilities for a bargain price!

It takes a while to tally up all the income and expenses. At the time of this presentation, Mark had us at about \$21,000 of income and about \$4,400 in expenses. In addition, Gerry Tom was able to get a \$2,000 grant from Veolia Water Company for Camp Rotary! At press time for the Anchor, Mark's estimate for net income, including the grant, was up to \$22,000. This puts the May brewfest slightly ahead of the net income of last October's event. We had great weather and there were no negative incidents. Rotary salutes Mark Spinnato and Gerry Tom for their efforts in organizing this wonderful fundraiser to benefit Camp Rotary!
